

California SCAN Connections

Start Date	1985 as Social HMO.
Target Group	Older persons (65+) who are dually eligible for Medicaid and Medicare, whether or not they have long-term service needs.
Service Area	Los Angeles, Riverside and San Bernadino Counties
Medicaid Enrollment Policy	Voluntary
Persons Enrolled 2011	5,600
Contractors	SCAN Health Plan
Scope of Medicaid Capitation	All Medicaid services except elderly waiver and private duty nursing.
Approach to Medicare	SCAN was one of the 4 original Social HMO demonstration plans and began its existence as a Medicare plan that offered Medicare-funded long term services and supports under that demonstration. When the demonstration ended, SCAN converted to a Medicare Special Needs Plan and contracted with Medi-Cal to provide Medicaid services to its dually eligible members.
Authorities	§1915(a)
